SA-2 SAM LAUNCH SITE NEAR STALINSKOYE, USSR

An SA-2 surface-to-air missile (SAM) launch site has been identified near Stalinskoye, USSR, on KEYHOLE photography of [REDACTED] (Figure 1). The site is located at 42-11-33N 68-02-40E*, 7 nautical miles (nm) northwest of Stalinskoye and 25 nm west-northwest of Frunze (Figure 2). A small support area is located just north of the site. The site, one of many SAM sites along the Alma-Ata, Chirchik, and Lugovoye-Rybach'ye rail lines, appears to be completed, but its defensive role has not been determined at this time. The quality of the photography precludes a detailed analysis of the site.
